

SUMMER READING

Cultivate a lifelong friendship with literature!

Entering High School

Calvary Christian Academy

Senior High Summer Reading

Dear Parents,

We want to partner with you to cultivate in your child a lifelong friendship with literature. Reading appropriate and well-written literature will influence character development, vocabulary, humor, values, and worldview. We also want your child to be ready to learn when the school year begins. Therefore, we have a summer reading program for each grade level. This is incentive based, not required. Each student who completes this reading program will have a 100% test grade added to the subject of his choosing in the fall 2022 term.

Listed below are the summer reading selections. Worksheets including a plot summary and critique should be completed for each book. Additional book options are listed. Students are encouraged to read these books.

ALL students who complete the reading will be asked to sign the honor statement that they have read each required book in its entirety. **Parents, please take an active role in seeing that your child completes the reading and making sure that he/she is able to sign the honor statement.**

In His Service For His Glory,
Don Russell
Administrator

Calvary Christian Academy Summer Reading Lists

For the reading program, two books are required. This will be collected in the first week of English class, each student must turn in the written assignments for credit.

Students Entering the Ninth Grade
